

## Revival Meeting at the First Baptist Church

Large crowds have been in attendance at the meeting held this week at the Baptist Church, and splendid interest has been shown in each service. Wednesday evening there were three additions to the church, coming on the first invitation extended during the meeting.

The preaching is being done by the pastor, Rev. Henry Littleton, who has given twelve years of faithful service as a pastor and citizen to Hamlin. At each service Rev. Littleton offers a message that will prove a blessing to any life, holds up Christ as the only salvation for a lost world.

The splendid choir under the direction of Rev. Ernest Massey adds much to each service.

The morning services are held at ten o'clock in the church auditorium and the evening services are held in the open on the vacant lot between the S. D. McMahon and the A. G. Arnett residences.

The meeting will continue indefinitely.

### C. C. MOORE FAMILY

#### HAVE REUNION

Children and grandchildren of the C. C. Moore family of Abilene had a reunion the past week-end in the home of Mr. and Mrs. Roy Cameron in Plasterco.

Everything pertaining to family reunions was enjoyed by this group.

The closing event was a picnic spread on the lawn.

The entire family was present, including Mr. and Mrs. R. E. Moore and sons, R. E. Jr., James and Kenneth, of Fort Worth; Chester C. Moore, of Van; Miss Ona Moore, Mr. and Mrs. W. L. Moore, Mr. and Mrs. H. C. Bradley and son, Charles, all of Abilene; Mr. and Mrs. W. C. Moore and children, Shirley Ruth, W. C. Jr. and Wilma Lou of Hamlin; Mr. and Mrs. M. A. Fahey and daughters, Ruth Wynelle and Emma Ona, also of Hamlin; and Mr. and Mrs. Cameron.

### HAMLIN MEN OPEN FLOWER SHOP IN HOBBS

Iris and Foy Pribble left last Thursday for Hobbs where they are operating a floral shop. Both these young men are especially fitted for this work being graduates of Texas Technological College, and having had extensive experience in floral work. The Hamlin Floral Shop will continue under the direction of Mrs. L. B. Pribble assisted by Miss Mary Steuart.

### Uruguayan Pioneer to Seek U. S. Training

Hoping to gain new ideas and experiences to take back to the women of her country, Miss Alicia Lopez Ibarburu of Montevideo, Uruguay has applied for and been awarded a scholarship at Texas State College for Women this fall. A pioneer in physical education for the girls of Uruguay, she wishes to gain more preparation for the work. In her application she expressed a desire that "the traditional generosity and hospitality of the United States can give me and my fellow women this opportunity which will mean so much to the development of women in society and to the creation of tighter relations between our countries."

### WEST TEXAS UTILITIES CO. ANNOUNCES RATE REDUCTION

The West Texas Utilities Company this week ignored the rising cost of living when it announced a reduction of 16-23 per cent in electric rates for Hamlin.

A new low rate of 2½ cents per kilowatt-hour for all current over 50 kilowatt-hours used monthly in homes equipped with electric ranges was announced by B. M. Brundage, local manager. The reduction makes electricity as practical an any other fuel for cooking purposes, he said.

The 2½ cent rate is effective with this month's bills.

Only customers using electric cookery will benefit by reduction. It is based on the theory that "the more you use, the less it costs," Mr. Brundage said.

Where the electric range is installed, all current over 50 kilowatt-hours used each month will take the lower rate. It is a step in the "incentive rate schedule" which provides low-cost current for refrigeration, lights, and other domestic purposes inasmuch as these are included in the high-usage bracket.

Popularity of the electric range was credited with making the reduction possible. The spread of electric cookery to hundreds of homes formerly using old-fashioned methods makes a lower rate practical, Mr. Brundage said.

"The reduction is in keeping with the company's policy of lowering rates as fast as increases usage permits," he added. "Although the cost of living in general has risen and taxation has reached an unprecedented height, we believe it wise to encourage home modernization by making electric service as cheap and efficient as possible."

### CALLED MEET FOR FOOTBALL BOYS

All football boys listed below will meet Saturday 9 A. M. at the high school. Final plans for the encampment will be given at that time.

For different reasons the last nine boys listed are on the doubtful list. Herman Treadwell, Robert Fowler, Cecil Sellers, Charles Prater, Marvin Carlton, George Dean, Eddie Freedman, Raymond Elkins, Max Carlton, J. V. Walraven, Roy Tims, Paul Hudson, Dobie Johnson, Brookie Pitcock, Morrison Nicholson, Bill Morrison, Durwood Locke, Milton Sanford.

Bill Scott, Joe Knight, Loren Griffin, Dean Redus, Billy Joe Stephens, Tolley Fudge, Roy Lee Maynard, Butler, James Nicholson.

### METHODIST CHURCH

We will have our regular services Sunday morning. Sunday School at 9:45. Preaching at eleven, by the pastor. Subject, "On Being Neighbors." The Leagues meet at 7:15. We hope all our people will attend as many of these services and cooperate to the fullest. Let each of us pray that this may be a great spiritual awakening for the whole community.

Again we call your attention to our revival meeting which begins Sept. 12 and runs through Sept. 26. We urge everyone, people of all denominations and those of no denomination, to come and take part in the services. You are more than welcome. It makes no difference how much of this world's goods you have nor how little we want you to come and be one of us. We all need God. The world needs His love made manifest in your heart and mine.

I closed a good meeting at the Methodist Church at Polvo Sunday night. It is said to be one of the best in the history of the community. This is the seventh meeting I have held in their community during the past 21 years.

H. W. HANKS, Pastor

Bob Barrow is spending a vacation in Birmingham, Alabama, this week visiting relatives.

## HORSE SHOW TO BE HELD IN ROBY

Entries for the Fisher County Jack and Stallion Show to be held in Roby on August 28th are beginning to come in at a fast clip now, announces T. H. Roensch, Fisher Co. Agricultural Agent.

Entries received this week are: W. L. Johnson, 2; Finis Chapman, 3; E. E. Patterson, 9; C. R. Webb, 1; J. M. Holland, 2; all of Roby; Holton Jones, Burton Lee Jones, and W. Eldson, 1, all of McCaulley.

Holton Jones, Secretary, and Willard Burk, President of the show, believe that when August 28th, the closing date to receive entries comes that we will have one of the best exhibits of horses and mules ever to be brought together in a show of its kind in West Texas. They also encourage all persons who intend to make entries to do so at once to avoid the last minute rush.

Roensch calls special attention to the added features of this year's show in the following classes: Fanciest Horse with Lady Mount, and the Best Reins Horse. Both of these classes are drawing considerable favorable comment and should be hotly contested.

Also competition in the draft stallion and Jack classes should be interesting since there are four new draft stallions and five new Jacks in the county to give last year's champions something to think about. Besides numerous other jacks and stallions in the county last year that were not exhibited are planning to be exhibited this year.

Roensch states that he has the names of fifty persons who own a jack or stallion or both in Fisher Co., and if each of these owners would take pride enough in his animal to exhibit him, that this would be a show in itself worth talking about. So bring your jack or stallion, if at all possible and let our people who have an interest in good animals see what you consider your favorite, for they too may like him.

### WISE CHAPEL ITEMS

## McCAULEY MATTERS

By JOHN P. HARDESTY

### McCAULEY SCHOOL OPENS SEPTEMBER 6TH:

In accordance with recent provision made by the McCaulley Board of School Trustees the doors of the McCaulley School will swing open again on September 6.

A vacancy made by the resignation of Mrs. W. C. Jackson, primary teacher for the past five years, was filled by the election of Mrs. H. P. Powers, graduate of Texas Technological College.

The faculty is now complete, with each teacher holding either the Bachelor of Arts or the Bachelor of Science degree. The faculty, with respective positions, is as follows: D. L. Smith, Superintendent, Typing and Mathematics;

H. P. Powers, Principal, Spanish and Science; Melvin Courtney, Commercial Work; Nell Riney, English and History; Virgil W. Jackson, Public School Music and Seventh Grade; Roy Hennington, Sixth grade; Hettie Logan Clay, Fifth grade; Kenna Rector, Fourth grade; Vera Tate, Third grade; Hazel McClure, Second grade; Mrs. H. P. Powers, First grade; Mrs. Melvin Courtney, Substitute teacher; Mrs. Oda Mosley, colored.

The District has 29 transfers in and 4 out, making a net total of 340 schouastics,—318 white and 22 colored. The buildings are being painted and other repairs are being made.

Misses Elizabeth and Leona Keel of Munday were visitors Saturday and Sunday, the guests of Misses Olie Bateman and her parents, Rev. and Mrs. J. R. Bateman.

Mr. and Mrs. Edwin Johnson and their father, J. M. Johnson, visited relatives in Ft. Worth last week. J. M. remained in Fort Worth to continue his visit for about 10 days.

A large group of Boy Scouts, accompanied by their sponsors, J. W. Hendrickson, B. F. Short, W. E. Eldson and John Miles visited Carlsbad Caverns last week.

Miss Nell Riney, teacher in the McCaulley School is the guest of Miss Kenna Rector, also a teacher in the McCaulley School. Miss Riney's home is in Abilene.

Mr. and Mrs. H. P. Powers, who are attending Texas Tech at Lubbock, were week-end visitors in McCaulley. They were accompanied by Miss Vera Tate and brother, Sammie, both of whom live in Lubbock. Miss Tate is a teacher in McCaulley schools, as are the Powers.

Mr. and Powers have rented the Vera Waldrop home and will occupy it during the school year. The Waldrop family will move soon to Rosebud, Texas, to make their home.

John Henderson and family of Wichita Falls visited with the O. M. Henderson family over the week-end.

Misses Jewell and June Davison have returned from El Paso, where they visited relatives and friends for several weeks.

Mrs. D. C. Mills and daughters, Frances and Dorothy, returned Monday from Snyder, where they visited a son and brother, Clyde Mills, and family, for several days.

Miss Bernice Hendon has returned to Melvin, Texas, to resume her work in a cafe.

Mrs. F. L. Peebles, from Gardner, Tenn., sister to Mrs. E. M. McCollum, is a guest in the McCollum home for a few days.

Mr. and Mrs. E. McDonald, Weston, Colo., were guests in the McCollum home Sunday night. Mrs. McDonald is a daughter of Mrs. Peebles.

Mrs. Frank Ford, Big Spring, was a guest of her brother, B. F. Short, and Mrs. Short, for several days last week. Mrs. Ford and Mrs. Short visited relatives in Abilene Thursday and Friday.

### MOVING TO CALIFORNIA

Mr. and Mrs. Roy Garner left this week to make their home in Stockton, California. Mr. Garner has been employed here for the past several years by the Hamlin Compress Co. and he will be employed in the same work in California.

They were accompanied to their new home by Mrs. Garner's brother, Elton Jennings, and wife, of Stockton, California, who have been here for a visit with friends and relatives.

## Hamlin Public Schools Open September 2nd

The Hamlin School Board authorizes the opening of the Hamlin schools September 2nd.

It is very essential, indeed, for every pupil to be enrolled during the regular enrollment period at the opening of school. It is essential for the pupil in order that he may receive the advantages offered at the beginning of school. It is essential for the school in order that we may know the number of classes to be organized.

Please do not delay enrollment.

We very much desire that the following enrollment schedule be observed:

I. Thursday, 8:30 A. M. September 2nd: All pupils who will be in any grade below the High Sixth and who were not in the Hamlin schools last May should report to the Ward School Building for enrollment Thursday, 8:30 A. M. September 2.

V. Friday, 1:00 P. M., September 3rd. All pupils who will be Freshmen and who were in the Hamlin school last May should report to the High School Building Friday, 1:00 P. M., September 3rd, for enrollment.

VI. Monday, 8:30 A. M., September 6th: All pupils should report to their places of enrollment to receive books and assignment of lessons.

### FIRST FACULTY MEETING

The first meeting of the Hamlin faculty for 1937-38 will be held in room 5, High School Building—Wednesday, 1:00 P. M., September 1st.

It is very necessary that every teacher be present at this meeting and should notify the Superintendent as to his or her attendance at this meeting.

### PUBLIC SCHOOL MUSIC

Public school music will be taught in the Hamlin schools for the first time under the direction of Miss Pauline Harrell. Her work will consist of high school choral singing, public school music for affiliation, and public school music in the grades below the high school.

### VOCATIONAL AGRICULTURE

Vocational agriculture will be introduced in our high school for the first time this coming session under the direction of Mr. M. B. Templeton, who comes to us from Sylvester where he has directed vocational agriculture for the past two years.

### HIGH SCHOOL BAND

A high school band is being organized for Hamlin high school under the direction of Mr. C. M. Watson, assisted by Mr. Baize of Tuxedo.

Kurt Schoemann is spending this week in Dallas Markets, buying new fall merchandise for the Strauss Dry Goods Company.

### EXPOSITION TO SPOT LIGHT FOOD DEALERS OF SOUTH.

WEST SEPTEMBER 19TH

Dallas, Texas.—More than 100,000 food dealers of the Southwest, their families, employees and friends, will invade the Greater Texas and Pan American Exposition Sunday, September 19, for a day of jollification and get-together.

Every branch of the food industry will be represented, from the primary producer on the farm, to the consumer wherever located.

Railroads of the Southwest are offering an extremely low week-end rate for the occasion, which consists of 75 per cent of the one-way fare for round trips. Visitors may leave their homes on trains departing Saturday night or Sunday morning and return not later than Tuesday night.

Among the outstanding events of the day will be massed attendance at the various presentations of the Cavalcade of the Americas, a free performance, and the most outstanding show ever presented on an outdoor stage. The Pan American Casino, the world's largest indoor stage, also will be a mecca.

At night there will be an old-time dance in the Hall of Agriculture, free to the visitors. Short business meetings will be held there and in the Hall of Foods and Beverages during the day.

Granville Moore, general chairman, announces that big name performers will be on hand for the amusement of the handlers of the No. 1 American necessity.

Exposition officials are laying plans to provide every possible courtesy to the many thousands of visitors, and will offer facilities to insure housing at reasonable rates.

Mrs. Robert Harwell, of Odessa, arrived Sunday to spend her vacation with her parents, Mr. and Mrs. J. C. Sledge of Plasterco.

Miss Frances Ruth Bailey, of Denton, who is a nurse in the Denton Medical and Surgical Clinic, arrived Saturday to spend a two weeks vacation with her parents, Mr. and Mrs. Ed Bailey.

Miss Eloise Adkins left this week-end for Brownwood where she will visit her grandmother, Mrs. S. A. Lake, and other relatives.

Miss Oleta Carlton is visiting her parents, Mr. and Mrs. D. W. Carlton. Miss Carlton has been in Fort Worth the past few months attending Sellers Beauty School. She came down with Mr. and Mrs. Ted Smith who have been living in Fort Worth the past few months also, where he has been engineering a road job.

Mr. and Mrs. John Ed Day left this week for a vacation in the Big Bend Country of Texas, Ruidoso and other points in New Mexico.

### MOVED TO SWEETWATER

Mr. and Mrs. Paul Cain and little son left last week for Sweetwater where they will make their home, and where Mr. Cain will be office man in the Sweetwater Production Credit Association. For a number of years Mr. Cain has been employed in the Hamlin Farmers and Merchants National Bank.

Lawrence McDaniel, of York, Alabama, and La Foy Patteron have accepted positions in the Farmers and Merchants National Bank and both young men are now at work.

### INFANT BURIED TUESDAY

J. A. Proffitt Jr., the infant son of Mr. and Mrs. J. A. Proffitt, born Monday, August 16, died that afternoon at 7:15 o'clock.

Funeral service was held Tuesday morning at 9:00 o'clock by Rev. Bruce Proctor at the Barrow Funeral Chapel, and interment, was made in East Cemetery under the direction of Barrow Funeral Home.

Not since 1917 has a major nation declared war. Yet in the intervening years there have been a number of far reaching, sanguinary conflicts. What might be termed Mar's modern technique does not require a formal declaration of war—armies are mobilized, soldiers and civilians are slaughtered, cities are devastated and governments change even while, officially speaking, actual war does not exist.

In Italy's Ethiopian campaign, for example, war was not declared—but the result of the invasion was to eliminate the Ethiopian Monarchy and make the country into an Italian colony governed by the Italian Military. Russia and France have not declared war on the Spanish Insurgents, nor have Germany and Italy broken off relations with the Spanish Government—yet it is no secret that Franco's cause has been kept alive with the aid of German and Italian troops and equipment, while the Government's forces would have collapsed long since had it not been for Russian airplanes and armaments and French military experts. Today in the Far East the world is again witnessing a war without a declaration of war that is of the utmost significance not only to the nations involved, but to the Western World as well.

Japan has gone to the limit in recent years to build up her army and navy. For a small country, she has an amazing military machine, far superior to that of the Chinese—though China herself has made progress in unifying and strengthening the country. China's greatest weakness has always been the corruption of her local governments—as Oswald Garrison Villard has written, "The purchasing of Chinese statesmen and generals is Japan's long suit; it has advanced her and her policy of conquest far more rapidly than have her rifles and cannon." The central, Nanking government has usually proven unable to control the superabundant War Lords—each with his own interest at heart and each suspicious of the others. The situation as it exists in China, is as if each American state governor had a great private army which he could use for any purpose he wishes, even to the ex-

treme of fighting the armies of the neighboring governors.

As a consequence, plus Japan's far more efficient and modern war machines, it is believed certain that the Japanese will encounter relatively little trouble in conquering the north provinces. She will take over cities and accomplish destruction on a vast scale, and probably replace present local government with puppet Chinese governments controlled by the Japanese as she did in Manchuria. But in the long run, Japan's chances or success are dubious. China is a tremendous country, with the largest population in the world. Not since the dawn of history has it been permanently conquered—over a period of many years, the invaders intermarry with the Chinese and are virtually swallowed by the immense country. China has more than half a billion people as against Japan's 75,000,000.

Furthermore, it seems inconceivable that Japan will be permitted by other powers to advance unhindered into China. Russia is strongly anti-Japanese and will, if matters go far enough, throw her resources to the side of China. And if it came down to a Russo-Japanese war, most military experts think the bear would win.

England will attempt to limit Japan's conquest in the interest of her own trade, and so, in all probability, will the United States and France. And lastly, it is a question whether Japan's financial resources are sufficient to stand a long struggle—today more than 50 per cent of her government's budget is earmarked for the army and navy, and she has a soaring national debt.

So here is another grave threat to world peace—the gravest, perhaps that has yet appeared. Whether war is actually declared is only of theoretical importance—to all intents and purposes a major war is now underway in the Far East, and interests directly affecting every nation in the world are involved. —Industrial News.

Mr. and Mrs. R. J. Robertson returned last week from a visit to Carlsbad Caverns and other points in New Mexico.

Mr. and Mrs. R. B. Hartwell are spending a vacation in California. R. B. sent the editor a nice card from San Francisco stating they were having a fine time and enjoying the delightfully cool weather.

# I OIL-PLATE YOUR ENGINE

instead of just changing your oil

OIL-PLATING is a plain extra benefit that other oils do not even claim to give you! OIL-PLATING comes only from Conoco Germ Processed oil, which absolutely PLATES itself all over the insides of your engine, and stays there. I mean Oil-Plating can't get scraped off or pushed away while you're speeding along on sizzling hot days. And it won't go up in smoke, but lasts and lasts. Neither can Oil-Plating run down off the job while the engine's stopped... No ghost of a chance for Oil-Plating to be among the missing every time you

start the car. So your Oil-Plated engine is the big exception, when engineers say that bum oiling at the start—summer, same as winter—makes more than half of all engine wear. They positively don't mean you, with your engine Oil-Plated by Conoco Germ Processed oil. The longer life of your Oil-Plated engine naturally takes a little while to prove... but right now, from the minute I put in Germ Processed, you can't mistake the coolness and quiet due to Oil-Plating, or the way your oil level stays up.

## Red Coral Always Prized

It is red coral that is and always has been prized, not solely for jewelry and buttons, but as a charm to bring safety, health and secrets not revealed to the ordinary person. As ancient Gauls rushed headlong into battle, they trusted their safety to their swords, strength and the "magic" coral imbedded in their shields or helmets. Many Italians and Indians regard coral as protection against the "evil eye." The world's red coral comes from the reefs off the Mediterranean coast of Africa, says the Washington Post, and is obtained chiefly by Italians.

Misses Ruby and Irene Thompson are spending the week visiting friends in Austin, San Antonio and Houston.

## Points and Personalities

by doris pope

Well, the hot weather persists and so do we. A week has passed and we lived to write this column again. Of course we were threatened with everything from choking and drowning to an old fashioned spanking, but we really didn't mind and we weren't scared—much.

Don't misunderstand us for we do not wish to monopolize the credit for writing ALL of these paragraphs—but somebody has to sign his name and take the cussin'. All contributions are welcomed and are treated CONFIDENTIALLY. Be sure to let us in on "things"—if they are too, too, maybe we can put the soft pedal on and make them printable.

It died a gallant and valiant death—that Bank Night. It was really touching to think that two of our prominent and popular citizens were so broken up over its going that they had to leave our fair city. To those "faithfuls" we send a message of condolence from the gang.

If you want a direct report on Havana night life, we refer you to the charming senorita with the dark tresses and the flashing eyes.

You could almost hear the heart flutters last week when the geophysicists returned from Stamford. Just what is it that they have that the home town boys don't have?

It is rumored that the owner of Texas' Largest Hatchery has gone Democratic.

Personality of the week: A tall, dignified woman who owns and manages one of Hamlin's most popular amusement centers. A sincere booster of Hamlin and Hamlin community.

Will someone please explain why a certain charming young matron of Hamlin acquires a tomato-red hue when her young daughter pats her on the back?

One of Hamlin's efficient grocery clerks has received a new title, and after hearing this story, we believe that he certainly deserves it.

Efficient Grocery Clerk: And is there any thing else for you?

Charming Customer: No, that's all except may I have a few matches?

E. G. C.: Sure. (Handing her the matches and grinning.) What are you going to do? Build a bon fire?

C. C.: No, WISE GUY, I'm going to shoot firecrackers.

And we are told that there are certain parties in our fine city who water their shrubs and lawns by "candle light." Surely it isn't because the lake almost ain't?

What prominent barber whose name starts with the same letter as the name of his shop recently decided to join the Social Security just to be one of the boys?

Tough luck or just a jinx? The train on which the young lady mentioned last week was riding "broke down" at Benjamin and she had to call her sister to come after her in their new Ford V8.

Somebody told us that the popular manager of the dry goods department of a local store has become quite interested in horseback riding and would really make an impressive picture if one could tell which was the horse.

Window of the week: A very attractive and interesting window this week is that of the Strauss Dry Goods Co., decorated by Clarence Bailey, which features new fall dresses in the very popular black and Carnelian red. High lights are the matching accessories.

It is reported that Hamlin's two new school board members are really interested in their duties—especially when the applicant is young, attractive and feminine.

We wonder if Kurt Schoemann received as many telegrams while in Dallas this week as he did on a previous visit regarding appelstrudels (pronounced apple-stroodles)?

It is a well known fact that the tinkling sound of wedding bells can be distinctly heard by a certain well known fire insurance man in Hamlin and that he is in a very receptive

## WASHINGTON NEWS

FROM CONGRESSMAN CLYDE L. GARRETT

**VISITORS**—This past week we have had many visitors in the office from the District. They include Mr. and Mrs. Dan Gallagher, David Sitton, Mrs. P. P. Bond and daughter, Augusta, of Abilene, Dr. and Mrs. P. M. Kuykendall and Miss Alla Ray of Ranger, Mrs. D. E. Waters, of Cisco, Mrs. Roy Speed and son, formerly of Eastland and Mrs. Lee Knight of Ranger and Mrs. H. E. DeLane and daughters of Breckenridge.

**ADJOURNMENT**—Last week we had some hopes of an early adjournment but at this time there is no means by which anyone can tell when it will come. The fight on the Wage and Hour legislation and the battle being made for crop loans to take care of the present crop make a long session seem possible.

**STABILITY**—President Roosevelt and Chairman Eccles, of the Federal Reserve Board, were not in favor of action at this time on Senator Thomas' (Dem.) of Oklahoma, monetary stabilization bill. They based their opposition on the "complexity of the rapidly shifting international scene," and said the need was for economic stability and that it could be attained by coordination of Government activities.

**WAGE AND HOUR LEGISLATION**—So far the action on minimum wage legislation gone that scouts for the Administration are looking for material to build the new Labor Standards Board. L. Metcalf Walling of Rhode Island, who now administers the Walsh-Healey Act, will probably be the new head of the agency if plans are carried out as they stand at present.

**BATTLESHIPS**—The authorization to build two more battleships and two more cruisers will be sought next year, was announced by the Navy Department. In the meantime, the State Department moved to economic disarmament with its new commercial treaty with Russia.

**SUGAR QUOTA LAW**—The House passed the sugar quota law which restricted the importations of refined sugar from Hawaii, Puerto Rico, and the Virgin Islands. If the Senate concurs in this legislation it is believed that the White House will veto.

**INCREASED BENEFITS**—The provisions of existing laws governing service-connected benefits for World War veterans and their dependents, H.R. 6384, passed the House. Compensation of widows of World War veterans who died from service-connected disabilities is increased in several ways. Compensation of widows between 50 and 65 years of age is raised to \$37.50 per month; for widows above 65 years of age it is raised from \$40 to \$45 per month. It also increases compensation of dependent fathers and mothers whose sons died in the war or from service-connected disabilities to \$45 per month. Where two parents are living, \$25 for each per month is provided. If a parent is drawing \$57.50 insurance a month, he will not benefit under the law but if only one parents is living and he is drawing \$45 per month this amount is increased to \$45 a month which the parent shall receive during the remainder of his life.

**CANCER INSTITUTE**—A bill authorizing the erection of a \$750,000 National Cancer Institute was accepted by the President. The bill

frame of mind for recipes to prevent falling hair. Baldness does to a certain extent impair one's chances in romance.

We just received a card calling our attention to an error in last week's paper. Our friend tells us that in the paragraph concerning the grocery man with the large and sinewy muscles that the word is "hypo" and not "hypole." Since we are not a graduate nurse nor a member of the medical profession, and since we have never seen the word in print and have never had a hypo, it really sounded like "pole" to us. However, we stand corrected and thank you a lot, friend.

is for the purpose of revitalizing the Federal fight against the dreaded death dealer, cancer.

**TAX LOOPHOLES**—The Joint Committee on Tax Evasion and Avoidance has recommended plugs for eight important loopholes in the tax laws. Domestic, personal holding companies, incorporated yachts, country estates, city residences, incorporated talent, artificial deductions for sales or exchange or property losses, artificial deductions for interests and business expense, holding companies, multiple trusts, non-resident aliens; were the loopholes that were taken care of.

**AGREEMENT RENEWED**—Mr. Roosevelt has proclaimed a renewal for a year of the special commercial agreement between Russia and this month, the Soviets will purchase a minimum of \$40,000,000 American products.

**WAGE AND HOUR LEGISLATION**—The wage and hour bill which has passed the Senate is due for a great deal of changing. It is a bill that will affect only part of the people. Some groups of workers have been excluded by this bill. Those workers in service trades and in many kinds of distribution, are not included in this regulation.

**MRS. CARL CLIFFORD HOSTESS TO BLUE BONNET CLUB**

Mrs. Carl Clifford was hostess to the Blue Bonnet Club in her country home west of Hamlin, Wednesday afternoon of the past week. Three tables of contract were in play with Mrs. J. C. Culbertson holding high score.

Following the games a salad plate with angel food cake and ice cream was served. Those playing were Mmes. D. J. Payne, J. E. Cory, J. E. Bury, W. J. Poe, J. C. Culbertson, Misses Frances Chenauff, Allie and Pearl Whiteley.

Miss La Verne Mixon, of Lubbock, has been visiting her grandmother, Mrs. Arnold Hudson, for the past three weeks.

Miss Ava Hudson spent last week-end in Lubbock visiting relatives.

Mrs. Georgie Hudson and Mrs. R. V. Teague are visiting their sister, Mrs. Bob Johnson, in Gladewater this week.

Misses Valera and Ava Hudson returned last week from a vacation in New Mexico and points in West Texas. While away, they visited their sister, Mrs. W. H. Johnson, in Eunice, New Mexico.

Mr. and Mrs. E. R. Witt, of Lubbock, spent last week-end with their son, I. R. Witt, and family.

Gene Witt returned Sunday from a weeks visit with his grand father, A. J. Dean, west of Anson.

Dean Witt is spending this week visiting his grandfather, A. J. Dean, west of Anson.

Miss Elsie Wienke and Boots Walker went to Syracuse, Kansas, last week to visit her sister, Mrs. J. G. Pope. Mr. and Mrs. Pope accompanied them on a trip to Colorado Springs and Pikes Peak.

Gerald Morgan left last week for a business trip to Fort Worth and Dallas.

Mrs. Clyde B. Bailey and children of Winters, are visiting her parents, Mr. and Mrs. W. E. Dunnam.

Miss Pauline Young who has been employed as a nurse in Texarkana Hospital in Texarkana, Texas, for the past two years, is here to visit her parents, Mr. and Mrs. Charles E. Young, for the month of August.

# Switch To ELECTRIC COOKERY with NEW LOW RATE!

Rate Reduced to

# 2½¢

Per Kilowatt Hour.

Electric Cookery Averages No More than One Cent a Meal per Person

## NEW RATE EFFECTIVE NOW!

Requiring usage of the modernized, speedier, and cleaner type of cookery provided by the Electric Range, a new, comprehensive rate, conducive to greater use of Electric Service, becomes effective with this month's payment of bills. Under its provisions ALL OVER 50 kilowatt-hours of electric current used each month costs only 2½ cents per kilowatt-hour. The basis for the reduction is the proven theory that "the more you use, the less it costs."

This reduction, amounting to 16 2/3 per cent, is designed to make Electric Cookery as practical, from the standpoint of fuel, as any other type. The fact that there is no combustion makes Electric Cookery *cleaner*. A greatly improved flattened calrod heats almost instantaneously and hugs the bottom of utensils to prevent escape of heat. There is no flame to burn up oxygen, thus making air fresher and *cooler* in the kitchen. It is automatic, thus making it *easier*. Cleaner! Cooler! Easier! And this new, low rate makes Electric Cookery just as cheap or, in many instances, *cheaper*. Add *faster*. It's another reason for switching to Electric Cookery.

## Lowers Cost of Lighting, Refrigeration And All Other Residential Usage Over 50 K.W.H. per Month

Many, many homes already use over 50 kilowatt-hours of electric current each month. By adding the electric range to kitchen equipment (*it has proven itself the most valuable of all Electric Servants*) you secure a rate of 2½ cents per kilowatt-hour on ALL current used over 50 K.W.H. used monthly.

This means that when you reach the higher usage brackets for light, refrigeration, and all other domestic purposes, your electric bill is calculated at a rate which actually amounts to a saving. It permits increased usage at no additional cost. Best of all, it permits Electric Cookery to enter homes which heretofore considered it "too high."

We invite you to come in so that we may show you the latest models in Electric Ranges. We believe you will approve of Electric Cookery—and the new rate that permits you to use the switch.

## RAIN

(By WILLIAM ALLEN WARD)

It was dry in West Texas  
My dad had the blues and my mother  
Jus' sat by a window in our two-room  
shack  
And watched the wind blow.  
One day the ol' mesquite down by  
the creek  
Wuz swayin' in the wind and the  
sun wuz  
Jus' a gold circle in the sand-filled  
air.  
Dad was pretty blue—kept lookin'  
at the wagon,  
The same ol' covered wagon in which  
my dad  
And my ma had come to West Tex-  
as five years  
Before... Dad went to the barn and  
put a  
Sheet on the ol' covered wagon.  
Then he started fixin' up the grub  
box.  
All the time my ma jus' peeped  
through  
The window and sobbed sorter low.  
She wuz watchin' dad—jus' watch-  
in' him;  
e seemed sorter sad—seemed like  
she wuz  
as worried terribly 'bout somethin';  
Poor ol' dad—he fixed the wagon.  
"Ma," he said, "I think it's time fer  
us to pull  
Stakes and hit it back to Georgia..."  
I remember how my ma looked.

"Givin' up, dad?" Ma said as tears  
welled in her eyes.  
"Gonna throw up the sponge and go  
back to yore folks?"  
Dad—I'm powerfully disappointed...  
She wuz silent fur a minute—Far  
away on the  
Nude shoulder uv a Texas foothill  
a lafer howled;  
"... Powerfully sorry and disap-  
pointed," Ma added.  
Pa stood silent fer just a minute,  
Then he turned and took the sheet  
off the wagon.  
That night it came a big rain.

Better give inspiration than ex-  
piration.  
Some folks do nothing to avoid

Of two evils, choose neither.  
A forced smile is never effective.

# THE Drugless Way

... if you want to really get rid of gas and  
terrible bloating, don't expect to do it until  
you remove the cause.

Most gas is lodged in the  
stomach and upper intestine,  
and is due to old poisonous  
matter in the constipated bow-  
els. They are loaded with ill-  
causing bacteria. If your con-  
stipation is of long standing,  
numerous quantities of danger-  
ous bacteria accumulate. Then  
your digestion is upset. Gas  
often presses heart and lungs,  
making life miserable. You  
can't eat or sleep. Your head  
aches. Your back aches. Your  
breath is foul. You are a sick,  
grouchy, unhappy person.  
Your system is poisoned.

## NEW STARS ADDED

### TO FIESTA SHOWS

Fort Worth, Texas.—With attend-  
ance at the Fort Worth Frontier  
Fiesta continuing above last year,  
Billy Rose, director-general, has an-  
nounced several new acts for Casa  
Manana, Pioneer Palace and the  
Firefly Garden as a means of add-  
ing the spice of variety to the sol-  
id entertainment fare.

Joe Jackson, who for more than  
forty years has been hailed by au-  
diences here and abroad as one of  
the foremost comic pantomimists  
has been added to the cast of the  
Casa Manana revue. He is present-  
ing his cleverly timed, laughable  
tramp bicycle act.

Also now in the roster of Casa  
Manana talent are the Huberts,  
Fritz and Jean, who are offering  
their amusing version of two in-  
ebriates escorting each other home.

The Three Swifts, comic jugglers  
who have recently starred in New  
York at the French Casino, will be  
added to Casa Manana on August  
21st.

In Pioneer Palace, Rose is intro-  
ducing this week Art Frank and  
Chester Frederick, stellar dancers.  
Frank is an amusing rube dancer and  
Frederick does a thoroughly modern  
hot jazz dance routine.

The addition of the new acts is ex-  
pected to increase the enthusiasm of  
the public for the Fiesta shows which  
box office figures reveal, is even now  
at a high pitch.

### "Garrison Finish"

"THAT was a garrison finish!"  
you exclaim when the home  
team, which has been trailing for  
most of the game, comes from be-  
hind to win in the last minute of  
play. And when you say that you  
are perpetuating the fame—not of  
a baseball or a football player, but  
of a jockey!

Edward H. Garrison was his  
name and he started life as a black-  
smith's helper in New Haven, Conn.  
Then he began hanging around the  
racetracks and occasionally was  
given the job of exercising one of  
the thoroughbreds. It wasn't long  
until he was a full-fledged jockey,  
who made it a practice to hold his  
mounts in during the greater part  
of a race because he mistrusted  
the staying power of a "front run-  
ner." Then he began to boot and  
whip as they came into the stretch  
where, as he said, "the money is."

In 1886 one of these "come-from-  
behind-to-win" drives carried an  
outsider, Dutch Roller, owned by  
James R. Keene, to victory in the  
Great Eastern handicap at Sheeps-  
head Bay, N. Y., and after that a  
"Garrison finish" became a by-  
word on the turf. But more famous  
than that was Garrison's victory on  
Boundless in the \$60,000 World Fair  
derby in Chicago in 1893.

When the entries in this race went  
to the post, Garrison began to stall.  
On one pretext or another, such as  
fixing his straps and his saddle, he  
managed to delay the start of the  
race for an hour and 42 minutes! He  
spent most of this time on the  
ground, thus taking the weight off  
his horse, while the other horses  
were fidgeting and wearing them-  
selves out under the weight of their  
riders.

When at last they were sent away  
to the excited cheers of 100,000  
spectators, Boundless' jockey  
trailed the field for almost the en-  
tire race. Then there was another  
"Garrison finish" and Boundless, a  
15 to 1 shot, came home the win-  
ner of \$60,000—or rather \$59,000 for  
the judges fined Garrison \$1,000 for  
his part in the delay at the post.

"Snapper" won, lost and partly  
regained a fortune in racing. He  
quit as a jockey in 1897 and later  
served as an official at numerous  
tracks in the South. His last days  
were spent in Florida where he  
died a few years ago at the age of  
sixty-two.

FISHER COUNTY 4-H CLUB BOYS  
ARE FEEDING CALVES

Richard Jr. and Gerald Young; and Weldon and M. S. Reynolds, Fisher County 4-H Club boys of the Plasterco and Swedonia communities have been heading maize on shares to get feed to feed out their choice dry lot Hereford calves which went on feed August 1st. These boys are from 10 to 14 years old and will have harvested enough feed without buying an addition, except their protein supplement. The ration to be used by these boys will be crushed maize heads, cottonseed meal, limestone flour, and roughage.

Tarleton Willingham, leader of the 4-H club work in these communities, is a strong supporter of the club work and has been of much help, in more ways than one, to the boys and County Agent, T. H. Roensch.

Miss Zula Wylie, of Dallas, is here for an extended visit with Miss Edwina Gilbert.

## THE REST OF THE RECORD

BY JAMES V. ALLRED  
Governor of Texas

Mexico City, Aug. 14, 1937.

By the time you read this, we will be back in Texas and, notwithstanding the wonderful privilege it has been to visit Mexico, happy to be back home. We are particularly anxious to see little David, our second son, and baby Sam Houston.

It is difficult for us to realize that it is so hot in Texas. Mexico City is 7500 feet high and the weather is ideal. They tell us it is this way the year round—little cooler in winter than in winter than in summer. It was a little chilly for us at first—believe it or not, we asked for a fire at lunch; now, however, we are accustomed to it and the weather is lovely. Occasionally when the mountain tops are clear of clouds, we can see two snow capped volcano peaks in the distance.

Although Ambassador Josephus Daniels is in Europe, he wired his assistants here to insist upon our staying at the American Embassy. So here we are—and we have never been privileged to stay at a lovelier place. Our own Government officials have been almost as marvelous to us as those of the Mexican government.

Last week I told you how hospitable these people had been to us in the early stages of our visit; this hospitality has increased in warmth at every stage. We have been entertained by seven governors in as many state capitals, and by officers in the President's cabinet here in Mexico. It clearly demonstrates that these people believe in the Good Neighbor policy inaugurated by President Roosevelt.

President Cardenas of Mexico is absent from the capitol. He is in the state of Yucatan, which is the most southern Mexican state, working on agrarian, or agricultural. He sent us a warm telegram of welcome, then commissioner the Governor of this Federal District to call on us officially as his representative. Mrs. Allred is visiting the President's wife today. Everywhere these people seem to realize that they have more in common with Texas than perhaps any other state; I think if we take the same position, it can only result in more business and better relations for all of us.

It would be impossible in this short space to even refer to all the interesting places we have seen on this trip. I really believe could spend a month right here in Mexico City and not see half of all we should see. The old churches or cathedrals, the palaces, the public buildings, the theatres, the gardens, the parks, the flowers, the schools, the public markets, the people. It is the people who most interest me. They are picturesque with their music everywhere, their arts, their dress which has changed but little for centuries, yet all this maintained alongside a 20th century civilization of modern highways, railroads, hotels, tourist camps and conveniences of every kind. We have driven over highways as well constructed and maintained as any in Texas, yet in fields adjoining they still plow with oxen; and peons trudge alongside the road plying whips over the backs of burros loaded with wood or cargoes larger than the beasts themselves.

This history of Mexico is an interesting as that of any nation. The struggles of the people for liberty and freedom have been just as brave, if not braver, than our own. It has been such a privilege to us to journey over the very ground traveled by Cortez, the Spanish Conqueror, hundreds of years ago; to see the palaces and the churches he built. One of the most inspiring and stupendous things we have seen was driving over the mountain to Puebla looking out upon a valley where Cortez had built a church for everyday of the church year—260 of them, beautiful, massive things of stone with shining burnished domes; one built on top of a pyramid.

I shant tell you the bull fight they staged for us. . . I am glad I saw one—in fact, I enjoyed it, but I can't say that I want to see one again. One of the nicest entertainments given us was yesterday at the Department of Communications. First, of course, a nice luncheon; then young ladies who worked in the department paraded before us dressed in the colorful native costumes of each of the 28 Mexican states. Then they entertained with music, songs and dances. It was better

than a professional show since those who played the parts actually came from the states they represented.

We have met lots of people here from Texas. I hope more will be able to come in the future. We were particularly happy to find the Cowboy Band from Hardin-Simmons College at Abilene playing at one of the local theatres. They are also going to play at a reception given for us here at the Embassy tomorrow.

We will, of course, be back in time to vote at the election Monday, August 23rd. Six constitutional amendments are to be voted on: All of them are important, and I hope

my friends will vot for them. I am particularly interested in seeing the one adopted which will authorize the

legislature to provide for payment of county officers by either salaries or fees. The present salary system hasn't worked as satisfactorily as the old fee system. It costs the taxpayers of the state as a whole 70% more—and I'm interested in trying to save that money!

Mr. and Mrs. Earl Smith and daughter, Miss Twila Ruth, went to Dallas this week where he will purchase new fall merchandise for the Smith Dry Goods Co. While away, they will also visit his father who lives in Quinland.

Miss Myrtle Lee Coho, head nurse at the Hamlin Hospital, left this week to spend her vacation

her father in Sinton. She will also visit other points in Texas.

J. C. Haines and family, of Panama, are visiting the Dunnam brothers this week.
